

**Nilo at the Cannes International Film Festival
12-23 May 2010**

During the Cannes Film Festival, Nilo will furnish the “**SPA des Stars Croisette**”, an exclusive location where actors, directors, journalists and VIPs, the stars of the Festival, can relax and enjoy a relaxing, regenerating massage.

A place dedicated to wellbeing, beauty, and the “art of living”, at Jean Claude Biguin’s salon in Rue des Etats Units, furnished with the famous furniture with an oriental feel which Nilo was the first to present to the European market. Beds with Balinese inspiration will help the many VIPs at the Cannes Festival to recharge their batteries, enjoying the famous massages of the centuries-old Ayurvedic tradition.

And in the Palais du Cinema, Nilo will furnish a wellbeing corner, with a number of massage stations to allow those present to take a refreshing break and enjoy a quick massage before diving back into the world of cinema and high society which marks this town on the Cote d’Azur in this busy period.
